PREFACE

In June, 1927, the Alumni Council appointed a Committee consisting of Drs. Bagby and Whiting to compile alumni records. The committee has tried to comply with the wishes of the Council. The results have been published from time to time in *The Record*. In addition this pamphlet is published—as a second supplement to the General Catalogue issued in 1908.

This supplement contains, as did the first supplement issued in 1917, (1) all changes in the Board of Trustees, the Faculty and the Officers of the College; (2) the names of those upon whom Honorary Degrees were conferred; and (3) the class lists. The period covered is 1917-1926.

The effort has been made to give as full details as possible about the alumni listed. The records are printed as nearly as may be in the words of those who furnished the information. Dr. Bagby undertook to secure most of the data and is responsible for the class lists and the index. Dr. Whiting has prepared the material for the printer—though in this, too, he gratefully acknowledges invaluable assistance from his indefatigable and resourceful co-worker.

The Committee expresses its thanks and profound sense of obligation to the many friends who have aided in securing facts and furnishing addresses. This general acknowledgment would not, however, be complete without special reference to the valuable, untiring, and cheerful aid rendered by Mr. J. Marion Stratton, of Lewisburg, W. Va., who has given so freely of his time and energy and constructive thought. We shall be grateful for suggestions and corrections.

THE COMMITTEE.
